

I just plugged the existing speakers/topics into blocks for each available time to see how many openings we have. We can shuffle the topics to different times. - Moving Dancing to the evening would free up a daytime slot

- Do we want to have any speaker up against the movie?

- Should the Bygdebok presentation be Thursday at 9:15 rather than Wed. night? Delay opening genealogy lab until 10:00?

3 to 5 open times marked in blue if two times are scheduled Thurs. PM – I would like to use these for repeat sessions. Should we try to have more repeat sessions?

	1	2	3
